

The Getting Started Bonus

A Free PC Desktop.
+
£200 Cash Bonus Towards Your Start-Up Costs.

ContractXchange is right now offering “The Getting Started Bonus” to applicants Registered for Training on any Contract Job posting.

Limited to the first 100 successful applicants, and subject to restrictions, the bonus is designed to help you substantially with the start-up costs of forming your own business as an independent contractor. The offer includes providing you (if needed) with a replacement upgrade of your present computer. In addition, we will help you with a £200 cash bonus.

The Rules of Qualification.

1. You must be Accepted For Training and Registered in one of the current posted client classes.
2. You must pass the on-line typing test and high speed internet connection test required for the on-line training classes.
3. Your computer must undergo the on-line Hardware Test of your current computer system.

If your computer system fails the minimum LiveXchange network requirements, and the necessary parts upgrade is deemed too extensive, we will provide a free replacement desktop PC*.

If your computer passes the Hardware Test you may still qualify for the £200 cash assistance package.

4. You must attend and graduate from the on-line training classes**.
5. You must complete 60 hours live on the Network taking calls to receive, by bank transfer, the £200 bonus.
6. You must work successfully for one complete year*** on the Network in order to take full ownership of a replacement computer.

How Do I Get Started?

Apply now for a Contractxchange job posting on the ContractXchange job board.

If you have already been “Accepted for Training” you can request the “Invited To Training” e-mail to be resent to you so you can Accept and go forward to Class Registration.

Questions?: Contact The ContractXchange Career Desk at careerdeskuk@livexchange.com

*Make and model of Desktop Computer may vary.

**Training costs, for a limited time, are deducted in equal payments over three pay periods beginning at your 2nd pay period of working on the network.

*** Working on the Network requires you to pay the LiveXchange AgentAccess OS™ licensing fee of £14.50 per fortnight. Livexchange has the right to decline your application for any reason stated, or unstated.
